Do you know someone with **Sensory Processing Disorder (SPD)**?

Please join us as we discuss different techniques that can help individuals with SPD.

Come ask questions about sensory disorders or share ideas and strategies that help individuals with an SPD.

Autism York will be serving light refreshments. No RSVP necessary. Our meetings are held on the first Thursday of the month September-November and January-May.

***Child care is provided by at least two professional staff who are experienced with children on the autism spectrum. When possible, children will be separated into two different rooms by age groups. We encourage older children to bring handheld games, books or homework. Autism York will not assume responsibility for any lost or broken devices. If a child exhibits behaviors that are not easily redirected by the staff, parents may be called from the meeting to come help their child.***

### **OUR MISSION**

The mission of Autism York is to provide support to individuals on the autism spectrum, their parents, families and friends. Our group exists for the sole purpose of providing support in a safe and friendly environment. It is the intention of Autism York as a group to promote understanding and respect of all families and the choices they make regarding therapies and interventions. Through this group we will offer opportunities for families and individuals on the autism spectrum to learn, grow, and develop relationships that help guide one another through this journey.
