

Local Service Provider Directory

Autism Support, Mental Health & Therapeutic Services.....pages 2 -- 46

Recreational, Educational & Other Community Servicespages 47 -- 54

This directory provides basic information on local agencies that provide services to individuals and families living with an Autism Spectrum Disorder. We have tried to compile the most comprehensive data for each agency. As service providers grow and change constantly we suggest you check the resource directory on the Autism York website for the most up to date information.

Autism York is a non-profit group of parents of individuals on the autism spectrum as well as interested professionals and volunteers supporting the community! Autism York sponsors many events and programs at low or no cost to families living with Autism Spectrum Disorder in York and surrounding counties.

Monthly meetings, speaker events, social outings, lending library, resource directory, community, outreach programs, and support for new families are all made possible through tax deductible donations to Autism York. 100% of all funds raised and donated go directly into our programs to support families.

Feel free to make extra copies of this Directory or download it from our website at www.autismyork.org.

Autism York is a charitable 501(c) (3) organization as provided by Internal Revenue Service requirements.

P.O. Box 7322 * York, PA 17404 * 717.801.1272 * info@autismyork.org

ABYAY

www.abayay.net

Located at: 3755 Tunnel Hill Road Seven Valleys, PA 17360

Serves: Ages 2-21 in Adams, Cumberland, Dauphin and York Counties

Contact for more info: Christopher Robinson, MS, LBS, BCBA chris@abayay.net (717) 668-4356

<i>Services Provided at a Glance:</i>	<i>Methods of payment accepted</i>
<input checked="" type="checkbox"/> Applied Behavior Analysis	Private insurance; self-pay
<input checked="" type="checkbox"/> Functional Assessment	Private insurance; self-pay

We serve individuals with a diagnosis of Autism, ages 2-21. Services are provided in the home, school, and community. We specialize in language development for those that require significant support, and also address challenging behaviors, restrictive/repetitive behavior, feeding difficulties, toileting, play skills, executive functioning skills, ADLs, and social skills. Experienced in conducting the following assessments; FBA, PEAK, ABLLS, and VB-MAPP.

Prospective clients must have a diagnosis of Autism, be of the ages of 2-21, and have private insurance or self-pay for eligibility of services.

We do not accept medical assistance at this time.

ABLE-SERVICES, INC.

www.able-services.org

Located at: 3100 North George Street York, PA 17406

Serves: ages 18-59 in York and surrounding counties

Contact for more info: Kimberly Wood, Program Director 717-384-6130 x3100
kwood@able-services.org

<i>Services Provided at a Glance:</i>	<i>Methods of payment accepted</i>
<input checked="" type="checkbox"/> Educational/Training Programs	Consolidated or P/FDS Waiver, Base funding
<input checked="" type="checkbox"/> Recreation Activities	Consolidated or P/FDS Waiver, Base funding
<input checked="" type="checkbox"/> Adult Training Facility	Consolidated or P/FDS Waiver, Base funding

Soon after its parent company, Leg Up Farm, opened, the need for services beyond the pediatric and educational settings was realized. Out of that need, the idea for Able-Services was born. Located at the former Shiloh Nurseries site at 3100 North George Street, Able Services is licensed as an adult training facility by the PA Department of Human Services, operating Monday through Friday from 9:00am to 3:30pm. Continuing in the fine tradition of Leg up Farm, Able-Services provides a culture of caring and welcoming to the program participants. They explore skill areas such as pre-vocational training, activities of daily living, social skills, communication, leisure/fitness/recreation, nutrition and health, community participation, and self-advocacy.

AHEDD

www.ahedd.org

Located at: Administrative Office: 3300 Trindle Road Camp Hill, PA 17011

Serves: Ages 14 and older statewide in PA

Contact for more info: Brandy Burnham, President and CEO (866) 902-4333 ext 90130
inforequest@ahedd.org

<i>Services Provided at a Glance:</i>	<i>Methods of payment accepted:</i>
<input checked="" type="checkbox"/> Employment Services	Private pay, Foundation grants, School Funding, and Various Government Sponsors Including; PA Office of Vocational Rehabilitation (OVR); Social Security Administration (SSA) for recipients of benefits; PA Office of Mental Health (county level); and PA Office of Developmental Programs (county level). Call AHEDD to determine eligibility steps.

Our agency's individualized approach can help people with disabilities to find and/or maintain employment. Services can include: Resume development; Interview guidance; Career Exploration activities; Community Based Work Assessments; Work Incentives Counseling; Customized Employment services; Job development; Job coaching; On-going support for job retention; and Identification of transportation and assistive technology needs

To be eligible for services, the basic criteria for individuals referred to AHEDD are that they must have a documented disability that interferes with his/her ability to secure and maintain employment and be interested in becoming employed.

In addition to AHEDD's criteria, certain funding sources may impose additional requirements for eligibility. Requirements can vary between funding sources; therefore, individuals interested in services should call AHEDD for more information. During an initial meeting, AHEDD can determine if you are eligible and/or appropriate for current programs or if you would be better served by another organization/agency.

AUTISM AT FACE VALUE (Face Value Comics)

www.indyplanet.us/brands/autismatfacevalue

Located at: York, PA

Serves: all ages

Contact for more info: Angie Kot (215) 681-4191 angelawingz@hotmail.com

Autism at Face Value believes kids want and need heroes like themselves. We've won international literary awards for our best-selling comic book - Face Value Comics. We've distilled autism awareness and acceptance using a comic book so more readers can understand the condition.

In addition to highlighting an important social skill of facial feature recognition in our books, we also offer:

- On-going publication of the comics, as seen on the NBC Nightly News, as well as autism-friendly action figures and other toys.
- Available for appearances at fairs, club meetings or classrooms. Please contact for more information.

<input checked="" type="checkbox"/> Adult Autism Waiver (AAW)
<input checked="" type="checkbox"/> Adult Community Autism Program (ACAP)
<input checked="" type="checkbox"/> Adult Services, Education, Resources & Training Collaborative (ASERT)
<input checked="" type="checkbox"/> Training Series/Annual Conference

☒ Virtual Training & Resource Center

The Adult Autism Waiver (AAW) is a 1915(c) HCBS Medicaid waiver designed to provide long-term services and supports for community living, tailored to the specific needs of adults age 21 or older with an ASD. Additionally, the Adult Autism Waiver is available statewide, and provides participants with a choice of an enrolled provider for each service.

The Adult Community Autism Program (ACAP) is not a waiver. It is a managed care program that is an integrated model of care reflecting trends being seen in service delivery systems. ACAP is currently available in a limited number of counties, with services provided by one primary provider, and their network of providers, including primary care physicians and dentists. It provides physician, behavioral, and community services through an integrated approach to create a coordinated system of supports. It is currently available in Dauphin, Lancaster, Cumberland and Chester counties.

The Autism Services, Education Resources & Training Collaborative (ASERT) is a unique public and private partnership between BAS and PA universities, hospitals/medical centers and private community providers. It is a key component of the Bureau's strategy for supporting individuals with autism and their families throughout the Commonwealth. The ASERT Resource Center has qualified staff that can guide individuals and families in Pennsylvania to regional resources and help them navigate the service delivery system.

The BAS Virtual Training & Resource Center (VTC) is a free, comprehensive on-line resource center designed to enable Adult Autism Waiver providers and Behavior Specialist License applicants to easily access recorded trainings, documents, and other resources in one convenient location. Individuals and families interested in resources and training opportunities should connect with ASERT.

The Children's Hospital of Philadelphia CENTER FOR AUTISM RESEARCH

www.centerforautismresearch.com

Located at: Roberts Pediatric Research Building; 2716 South Street, 5th Floor Philadelphia PA 19104

<i>Services Provided at a Glance:</i>	<i>Methods of payment accepted:</i>
<input checked="" type="checkbox"/> Evaluate & Diagnose ASD	Most of our research studies include a developmental evaluation component. Families cannot receive the evaluation unless their child qualifies for one of our research projects. Most studies reimburse families for their time and transportation and do not have an out-of-pocket cost. Some studies do go through insurance.
<input checked="" type="checkbox"/> Educational/Training Programs	Some educational events are free. Others require payment by check, cash, or money order.

The Center for Autism Research (CAR) is a collaborative effort between The Children's Hospital of Philadelphia and the University of Pennsylvania. CAR's goals are to identify the causes of autism spectrum disorders (ASD) and develop effective treatments. CAR conducts research studies for infants at risk for being diagnosed with ASD

(due to having a sibling already diagnosed) as well as toddlers, school-aged children, and adults on the autism spectrum. Families receive comprehensive assessment reports and are paid for their time and travel costs. Typically developing children and adults are also needed for comparison purposes.

Holcomb Behavioral Health Systems joined Chimes Family of Services in 2000. We provide a comprehensive range of services and supports for people with mental health, substance abuse, intellectual and developmental

disabilities, and co-occurring disorders. Additionally, we provide an array of prevention and educational programs for youth, parents, and adults to encourage healthy choices and lifestyles.

The philosophy that guides our services and supports is the belief that every individual has the right to develop his or her fullest potential. We recognize the uniqueness of each individual and tailor our services in a manner that is culturally competent, focusing on the individual's strengths, needs, abilities, interests, and desires.

Chimes offers Outpatient Therapy Services to children, adolescents and families, as well as Parent Education Classes. For a complete list of services provided by Family-Child Resources, visit our website or contact our office.

Cognitive Health Solutions, LLC is a practice dedicated to promoting cognitive and behavioral health for children, adolescents, and adults. Dr. Ray W. Christner started CHS in 2009 as a growth of his part-time private practice. CHS continually strives to provide well-studied and evidenced-based intervention and evaluation approaches in psychology, education, and mental health to consumers of our practice. Our assessment and evaluation services follow a neurocognitive process-oriented approach, which integrates quantitative test data, qualitative behavior observations, background information, and current research in psychology and neuroscience. Our intervention services use a cognitive-behavior therapy (CBT) approach, which is a research-based psychotherapy that has been shown to be effective with a number of mental health conditions, including depression, anxiety, anger, etc. In addition to the clinical services, we offer professional development opportunities to mental health and educational professionals. The goal of the continuing education component at CHS is to provide professionals the most current research-based information on intervention, assessment, and psychotherapy.

Stay and Play is a therapeutic, two hour program that provides a structured learning environment for children ages 3-5 that want to establish strong social, play, language, and fine/ gross motor skills but may not be ready for traditional preschool/daycare options.

Program Details. Stay and play is a structured therapeutic group that utilizes concepts from TEACCH methodology and Pivotal Response Training. The group follows a structured schedule consisting of: play, circle time, sensory motor, snack, independent work, and art/messy play. Visual schedules, structured environmental boundaries, transition songs, and behavioral strategies are individually designed to meet the needs of each child and incorporated into group as needed. The structured schedule allows children to predict the routine and establishes independence.

Connections Early Intervention and Supports also partners with community agencies to provide inclusive extracurricular activities such as soccer, swimming, art, and yoga for children of all abilities. Evaluations are conducted for the Stay and Play Therapeutic Program to determine eligibility.

ConnectED is a free parent support group that meets the first Monday of every month at 6pm.

Program Details. Facilitated by Liz Jones, MS, OTR/L, this group serves as a way for parents to connect, ask questions and collaborate with other parents. Guest speakers are arranged to provide information on a variety of topics.

Any parent of a child with developmental differences is eligible for services. Contact liz@connectionseias.com or 717-430-8896 with questions.

Sensory Play Group- A York/Adams Early Intervention initiative in collaboration with Connections EIAS that provides an OT and Special Instruction led playgroup.

Program Details. Play Group is co-led by an Occupational Therapist and Special Instructor. We target communication, sensory regulation, transitions, and self-help skills. We also work on individual goals that your families have for our participants. This group meets twice a week for hour and a half sessions.

Any child that is currently in the York/Adams Early Intervention Program (Birth-3 program) is eligible for this service.

Contact connect@connectionseias.com or 717-430-8896 with questions.

Early Intervention Services-Connections EIAS is an Early Intervention provider in York, Adams, Cumberland, Perry, and Lebanon Counties. Call your local Early Intervention office to schedule a free evaluation. Once your child has been determined eligible for services you may choose Connections as your provider.

Any child that qualifies for Early Intervention Services will qualify for this service.

Contact your local Early Intervention office with questions.

<input checked="" type="checkbox"/> Family Support	\$25 copay – remainder funded by private donations/grants
<input checked="" type="checkbox"/> Equine Assisted Learning	

Equine Assisted Learning utilizing the Horse Boy Method. This equine therapy program offers weekly sessions (known as 'Play Dates') for the entire family focusing on the following 6 factors:

- (1) A safe ENVIRONMENT is created in which no one judges the child or family.
- (2) SENSORY ISSUES are addressed – beginning on the ground and progressing body to body on the horse.
- (3) BACK-RIDING – riding double – the therapist sitting behind the child becomes a voice in the ear. The movement of the horses allows for release of oxytocin helping to stimulate learning receptors – opening the door to communicating with the child.
- (4) PERSPECTIVE – work on horseback is an interactive way to teach perspective.
- (5) ACADEMICS – Once the child has started to communicate, the teaching of academic skills can begin.
- (6) SELF-ADVOCACY – If there is no self-compassion, the parent faces constant burn out.

Although autism is not a recognized indication (for insurance purposes) for hyperbaric oxygen therapy, there are reports of its successful use. Hyperbaric oxygenation therapy has been shown to be an effective complementary therapy for persons with a spectral disorder, and could be used as an adjunct therapy, along with the standard early intervention, in the ongoing treatment of spectral disorders to improve the normal activities of daily living and outcomes of the persons with these disabilities. 100% pure oxygen is delivered in a fully acrylic chamber with a pressure protocol tailored to each child. This therapy has been used worldwide to treat children with autism. Family oriented center has been in business since 1978. Call for further information.

<input checked="" type="checkbox"/> Residential Services	
<input checked="" type="checkbox"/> Community Programs	
<input checked="" type="checkbox"/> Parent Support Group	
<input checked="" type="checkbox"/> Pathway Services	

Jessica & Friends Community is a non-profit organization offering residential services, training in daily living skills, social services, and an adult day program to individuals with autism and intellectual disabilities. Their mission is to provide faith-based support and services for individuals with autism and intellectual disabilities.

The Residential Service provides homes for adults with intellectual disabilities within a faith-based environment. The Community Program provides Respite Service and Home and Community Habilitation Service to families who care for an intellectually disabled individual or an individual with autism.

The Parent Support Group brings parents together to pray, encourage, and support one another—realizing and understanding the rigors of providing daily care for a family member with an intellectual disability. It is the goal of the Parent Support Group to connect families so they can minister to one another while becoming a unified and supportive group. They also provide resources and education on issues pertaining to the needs of their special family member. They typically meet four times a year.

Pathway Services is a faith-based, community-integrated, day program providing lifelong learning opportunities for autistic and intellectually disabled individuals, 18 years of age and older. Two pathway day programs are available; one in York located at 218 dew Drop Rd. York, PA 17402 (717) 747-9000 and one in Hanover located at 1157 Eichelberger Street Hanover, PA 17331 (717) 969-2981.

Kennedy Krieger Institute offers innovative diagnostic and treatment services, educational assessments for children and young adults with autism spectrum disorders (ASD). Our multi-disciplinary team of professionals in the fields of developmental psychology, pediatric neurology, neuropsychology, speech-language pathology, social work, feeding, behavioral psychology, occupational therapy, genetics, and special education, work together to evaluate, diagnose, and provide individualized treatment through all stages of care. For each child, our team develops individual treatment programs that can include behavioral intervention, verbal and augmentative communication treatment, social skills and cognition intervention, occupational therapy, medical management, and family support services. Driven by ongoing research, our clinical programs offer children the most innovative therapies available. Dedicated to swiftly translating research into treatments and educational practices, our research scientists are examining ASD from a wide range of perspectives, including behavioral assessments, brain imaging, cell biology, medical informatics, and other methods.

Keystone Human Services, in partnership with the PA Department of Public Welfare, Bureau of Autism Services, is pleased to offer support services to adults 21 years of age and older living with an Autism Spectrum Disorder and who are residents of Chester, Cumberland, Dauphin and Lancaster Counties. ACAP offers an inclusive support service program including, but not limited to: socialization and community integration, employment/vocational support, supports coordination, medical services, counseling and behavioral support services. ACAP clinical teams provide individuals and their families a high degree of clinical expertise in the field of Autism Spectrum Disorders. ACAP services are individually tailored based upon the person's strengths and needs, as well as utilize a person and family centered approach to service planning and delivery. Each person enrolled in ACAP will participate in a thorough assessment and individual planning process to identify service needs and to ensure that participants acquire the skills necessary for independence and to enjoy a meaningful community life.

Our services are provided to individuals referred to us from the Bureau of Autism Services, Department of Public Welfare. Interested individuals with Autism or Asperger's must contact the Bureau of Autism Services to apply to the ACAP program at (866) 539-7689.

Intensive Behavioral Health Services help support children, youth, and young adults, diagnosed with a variety of mental health diagnoses, with their mental, emotional, and behavioral health needs. Individual and/or ABA services are provided in the child's home, community or school environments by offering a variety of strategies to reduce and manage identified needs/behaviors. Individual services will help to increase coping strategies and support skill development in order to promote positive behaviors.

ABA Services will explore why a behavior occurs and then use specific interventions based on why a behavior occurs. ABA Services seek to increase useful or desired behaviors. Both Individual and/or ABA services will include individualized treatment planning to manage identified needs while seeking to enhance skills promoting the children's independence across their natural environments.

To be eligible for service, the service must be recommended through a written order by a qualified individual and be deemed medically necessary to support the individual in their natural environment.

<input checked="" type="checkbox"/> Private Academic School	Agreement between New Story and student's home school district if placement is deemed appropriate and necessary.
<input checked="" type="checkbox"/> Spanish Language Services available	

New Story's Mountville School opened in August of 2013 in order to provide individualized educational programming to students with Autism Support and Emotional Support needs in the greater Lancaster area. We

take a comprehensive approach to educating children. We work closely with families, school districts, and other professionals in the children's lives to create individualized programs to meet their needs. We offer several related educational services within our schools including Applied Behavioral Analysis Behavioral Consultation, Speech Therapy, Occupational Therapy, Behavior Support, Counseling, and Crisis Intervention. We are committed to working closely with all members of a child's IEP team. Collaboration starts from the moment the student is being considered for placement with New Story and continues until the child has developed the skills needed to return to his or her home school.

OFFICE OF VOCATIONAL REHABILITATION (OVR)

www.dli.state.pa.us/portal/server.pt/community/vocational_rehabilitation/10356

Located at: 2550 Kingston Road, Suite 101 York PA 17402

Serves: High school to retirement in Adams, Franklin, Lancaster, York

Contact for more info: (717) 771-4407 Voice (800) 762-6306 Toll Free (717) 771-4433 TTY

<i>Services Provided at a Glance:</i>	<i>Methods of payment accepted:</i>
<input checked="" type="checkbox"/> Counseling	Vocational; free
<input checked="" type="checkbox"/> Educational/Training Programs	Based on FAFSA and financial needs test completed by OVR

Rehabilitation services are provided in an individualized manner. Eligible persons receive the particular services they need to become employable. Services may include:

- **DIAGNOSIS** - evaluating medical, psychological, occupational and educational abilities, and limitations.
- **COUNSELING & GUIDANCE** - helping individuals select vocational goals and making plans to attain them.
- **RESTORATION** - providing comprehensive medical, psychological, and allied services to minimize the effect of the impairment on a person's ability to work.
- **TRAINING** - developing job skills through vocational and technical schools, universities, on-the-job training, or job coaching.
- **HIRAM G. ANDREWS CENTER** - offering comprehensive rehabilitation services including: vocational assessment, training, and medical services on a residential or commuting basis.
- **PLACEMENT** - developing job seeking skills and locating employment opportunities.
- **POST EMPLOYMENT SERVICES** - aiding in job adjustment.

OVR Counselors are aware of many resources that might be of assistance to persons with impairments and will help customers in learning about other programs available to them. During the rehabilitation process, OVR can also be of assistance by providing attendant care, interpreters for the deaf, and similar support services.

Eligibility requirements for service: You must have a diagnosed disability that results in substantial impediment to employment, be able to benefit in terms of a successful employment outcome based on services provided, and vocational rehabilitation services must be required for you to prepare for, engage in, or retain gainful employment.

Contact to request an appointment or an evaluation: If you live in Adams, Franklin, Lancaster or York County, call 1-800-762-6306 and request that an Employment Planning Application be mailed to your home. After you return the completed application, you will be advised how to contact your assigned vocational rehabilitation counselor to schedule an intake appointment.

<input checked="" type="checkbox"/> Counseling	Insurance & private pay
<input checked="" type="checkbox"/> Medication Management	Insurance & private pay
<input checked="" type="checkbox"/> Spanish Language Services available	

Philhaven's Center for Autism and Developmental Disabilities (CADD) is committed to forming supportive relationships with families in Central Pennsylvania who are coping with the challenges of autism spectrum disorders and/or intellectual disabilities. Improving the health of such individuals requires an early and accurate diagnosis using a multidisciplinary approach, ongoing care, advocacy, and collaboration with other providers. We know that receiving an accurate diagnosis and obtaining multiple services can be very challenging. That's why we're here to work with families and offer a growing range of services in one location.

We have assembled a multidisciplinary team of developmental specialists committed to addressing these concerns and supporting individuals and their families from infancy through adulthood. The services we offer include multidisciplinary evaluation, psychiatric evaluation and medication management, individual and family therapy, behavioral consultations by a board certified behavioral analyst, psychological testing, social skills group, behavioral health rehabilitative services, bio-behavioral services, and sleep consultations.

RABBITTRANSIT

www.rabbittransit.org

Located at: 1230 Roosevelt Avenue York PA 17404

Serves: All ages in York, Adams, Northumberland counties

Contact for more info: (717) 846-7433 1-800-632-9063 info@rabbittransit.org

<input checked="" type="checkbox"/> Spanish Language Services available	

The Schreiber Center offers OT, PT and ST at the center location. All therapy areas are equipped with the most up-to-date equipment, programs, and resources. Therapists are trained annually on the most effective treatment techniques used for children with ASD. All common areas of concerns with children with ASD can be addressed here at the center like Sensory, Feeding, Fine/Gross Motor, Language Delays, and Social Aspects. The center is equipped with a heated therapy pool which can be used to address any of the above areas as a modality. The center also offers a number of recreational programs for children with ASD. Respite services are offered to families 9 times throughout the year for a small cost.

Recreation programs are open to any child with a need. Therapy services require a prescription from a Doctor. Respite includes siblings.

SCHREIBER PEDIATRIC S.T.A.R.S. Preschool & Day Care

www.schreiberpediatric.org

Located at: 625 Community Way Lancaster PA 17603

Serves: 12 months to Kindergarten in Lancaster and surrounding area

Contact for more info: Director of Day Care Services:

Christina Kalyan - (717) 393-0425 x158 or ckalyan@schreiberpediatric.org

Director of Education:

Jay Graver - (717) 393-0425 x116 or jgraver@schreiberpediatric.org

<i>Services Provided at a Glance:</i>	<i>Methods of payment accepted:</i>
<input checked="" type="checkbox"/> Day Care	Private Pay or CCIS
<input checked="" type="checkbox"/> Preschool	Private Pay

The day care is open to children ages 12 months to 5 years and is one of the few day care centers based on an 'inclusional setting,' a term which refers to expanding what once was a program exclusively designed for children with special needs to include children of all abilities. By playing together, children can learn to understand, accept and value human diversity.

S.T.A.R.S. Preschool is open to all children ages 3-5, and is one of only a few preschools based on 'reverse-mainstreaming,' a term which refers to expanding what once was a program exclusively designed for children with special needs to include all children. S.T.A.R.S. year-round program promotes continuing progress to reach educational and developmental milestones. The experienced staff at S.T.A.R.S. Preschool includes certified teachers and administrators, a licensed social worker, qualified assistants and community volunteers.

SILVER LININGS FOUNDATION

www.silverliningsfoundation.org

Located at: 832 11th Avenue York, PA 17402

Serves: All ages

Contact for more info: Erin Lindenmuth, President (717) 515-8075 info@silverliningsfoundation.org

The mission of Silver Linings Foundation is to assist America's disabled population (all ages and any diagnosis) and their families by providing them with Medical Care Guides, education, resources, and the equipment they need.

Silver Linings Foundation is focused on providing tools to better educate families and caregivers of individuals with disabilities on the proper care and the availability of resources that can address the unique needs of the individual and family. It is our foundation's goal to help our clients navigate and understand the complex insurance processes and locate the proper disabilities programs available to them. By helping to alleviate these common stressors, families will be free to instead focus on the quality of life of the individual with disabilities.

Silver Linings functions as an advocate for the individual with disabilities and their family. We help families navigate through such processes as insurance denials, complaints on nursing care, and neglect or abuse by hired caregivers. In cases where financial strain is a critical issue, we can help secure funding and resources for families in need in collaboration with our partners in the news and print media. They have proven to be especially helpful in spreading regional and national awareness for the special needs community.

<i>Services Provided at a Glance:</i>	<i>Methods of payment accepted:</i>
<input checked="" type="checkbox"/> Off-Site Residential Support Services	Medicaid Waiver funding, PA State Base funding
<input checked="" type="checkbox"/> Health Center	Medicaid Waiver funding, PA State Base funding, private pay
<input checked="" type="checkbox"/> Pre-Vocational Training Program	Medicaid Waiver funding, PA State Base funding, private pay
<input checked="" type="checkbox"/> Home & Community Habilitation In-Home Supports	Medicaid Waiver funding, PA State Base funding, private pay

Typical Life Corporation (TLC) is a private, not for profit, charitable organization, founded in 1999. TLC provides individuals the supports, services and opportunities to live a normal life in the community. Services are provided through licensed group homes, home and community habilitation, in-home support services, and two adult training day programs. TLC assists individuals to become active, involved members of their community. TLC provides support so that individuals can practice the faith of their choice as well as providing a weekly Bible study session on Thursday evenings.

TLC maintains licensed homes serving 1-3 people in suburban neighborhoods. Residents are taught skills of daily living and social skills, as well as providing activities in their community. The goal is to teach the individuals to become as independent as possible.

Images Health Center is the only licensed health and fitness day program in the country for individuals with intellectual disabilities who participate in stretching, circuit training, cardio, and aerobics in an environment fully supervised by a trained staff. The Abby Factor is an adult day program for individuals with intellectual disabilities. Individuals participate in small group trainings designed to teach new, and build upon existing skills that lend themselves to obtaining supported employment in the community, increasing their cognitive skills as well as maintaining/improving their overall health and fitness.

Through Home and Community Habilitation (HCH), individuals learn, maintain or improve skills through their participation in a variety of everyday life activities. Individuals learn to live more independently at home or with their families and to be more participatory in community life.

United Disabilities Services (UDS)

www.udservices.org

Vista Direct Services Focuses on Social Skills

Each student's social skills are individually assessed. Lessons are tailored for that student with strategic techniques in mind. Lessons then take place in natural settings to provide real-life context for the lesson. Finally, progress monitoring reflects the student's ability to apply their skills in real life situations.

YORK COLLEGE OF PENNSYLVANIA STUDENT ACCESSIBILITY SERVICES

www.ycp.edu/sas

Located at: 441 Country Club Road York PA 17403 8:30am-5:00pm Monday through Friday

Serves: Ages 17 and Up in any location

Contact for more info: Linda Miller sas@ycp.edu (717) 815-1785

<i>Services Provided at a Glance:</i>	<i>Methods of payment accepted:</i>
<input checked="" type="checkbox"/> Case Management	No cost
<input checked="" type="checkbox"/> Counseling	No cost
<input checked="" type="checkbox"/> Education Advocacy	No cost
<input checked="" type="checkbox"/> Educational/Training Programs	No cost
<input checked="" type="checkbox"/> Recreation Activities	No cost
<input checked="" type="checkbox"/> Peer Mentoring	No cost

Students with autism attending York College are eligible for Student Accessibility Services (SAS) as well as our Autism Peer Mentoring Program (APMP). Through SAS, students work with a case manager to establish appropriate academic accommodations (e.g. extra time on tests, separate room testing) and receive support as needed in communicating with their professors. Through the APMP, students meet weekly with their peer mentor who provides friendly support and assistance in meeting self-identified social and/or academic goals. Monthly group activities are also a part of the APMP. All York College students have free access to tutors, academic coaches (help with time management, study, note taking skills, etc.) and our counseling center. Additional information can be found at www.ycp.edu/sas.

Students must be enrolled in classes and have a documented diagnosis of autism to be eligible for services.

YORK COUNTY CHILD & ADOLESCENT SERVICE SYSTEM PROGRAM (CASSP)

yorkcountypa.gov/county-human-services/human-services-department/child-and-adolescent-service-system-program-cassp.html

Located at: 100 West Market Street, Suite 401 York PA 17401

Serves: Ages 0 – 21 years

Contact for more info: Del Franz, CASSP Coordinator DRFranz@YorkCountyPA.gov (717) 771-9347 ext.229

<i>Services Provided at a Glance:</i>	<i>Methods of payment accepted:</i>
<input checked="" type="checkbox"/> Case Management	No cost – funded by various government agencies
<input checked="" type="checkbox"/> Education Advocacy	No cost – funded by various government agencies
<input checked="" type="checkbox"/> Service Coordination	No cost – funded by various government agencies
<input checked="" type="checkbox"/> Spanish Language Services available	

The focus of CASSP (Child and Adolescent Service System Program) is to develop and coordinate a plan of care for children and adolescents with emotional, mental health, or behavioral issues. CASSP ensures that children and their families will have access to and receive a full array of services to meet their needs. There is no cost to use the services of this program. It is FREE to all participants.

The CASSP principles, which the program strives to adhere to, are to provide services that are:

- Child-centered
- Family-focused
- Community-based
- Multi-system
- Culturally competent
- Least intrusive/least restrictive

Services:

The CASSP Coordinator is responsible for facilitating meetings for children or adolescents who are involved in multiple service systems. It is the Coordinator's responsibility to facilitate problem solving meetings, assist the team in developing a collaborative service plan, and follow up with the team members to ensure the plan is being implemented and giving a positive impact on the child's functioning. The CASSP Release Information Form and the CASSP Referral Form must be completed and submitted prior to scheduling an interagency meeting.

Any child from birth to 21 years old receiving multiple services, or who is unable to access services, is eligible for assistance from CASSP.

<input checked="" type="checkbox"/> Case Management	Case Management is not provided by this office, but is funded thru Medical Assistance
<input checked="" type="checkbox"/> Spanish Language Services available	This is available through INTERPRETOOLS. A phone is required to use this service.

The **York/Adams HealthChoices Management Unit (HCMU)** was created in 2001 as one of the Human Services departments which oversees the drug and alcohol and mental health services funded through the Medicaid HealthChoices Program.

The HealthChoices Program is the Commonwealth of Pennsylvania's mandatory Medicaid managed care program that is administered by the Department of Human Services. While the Department of Human Services contracts directly with managed care organizations for the delivery of the physical health components of the program, the Department allowed many Counties to contract directly with them for the purpose of delivering the behavioral health services provided under the program.

While the York/Adams HealthChoices department participates in quality assurance activities, oversees the fiscal reporting requirements, identifies gaps in services, works on assisting individuals with special needs and plans for the use of reinvestment dollars, many of the day to day activities that meet members' needs are sub-contracted to a managed care organization. York and Adams Counties have contracted with **Community Care Behavioral Health Organization** to provide care management, network management, member services and claims management as well as other support services.

YOUTH ADVOCATE PROGRAMS, INC.

www.yapinc.org

Located at: 515 W. Market Street York, PA 17401

www.yorkcountypa.gov
then search "Special Needs Registry" on their website

The York County Special Needs Registry is a voluntary, community outreach service to assist elected officials and emergency responders in municipalities across York County in obtaining important information on special needs residents living in their communities. It assists residents by ensuring that all emergency response units (fire, police, EMA, etc.) have access to the same information about each person -- decreasing confusion during an emergency situation and safety risks to both responders and residents in emergency situations. The system is entirely voluntary -- elected officials in each municipality determine whether they want to participate, and residents signing up for the service must also sign a form. See website for more details.
